MINISTRY OF TRADE, TOURISM
AND TELECOMMUNICATIONS
Belgrade, Nemanjina 22-26 Street
Date: June 30th 2020

NOTICE

The Government of the Republic of Serbia has initiated a safeguard investigation in relation to increased imports of ribbed concrete steel in bars - rebars (the product under investigation is hereinafter referred to as "the product concerned") currently classified within CN code 7214 20 00 00. The Decision of Initiation of Investigation has been published in the Official Gazette of the RS No. 92/20 on 29 June 2020.

Upon the initiation of domestic industry on the basis of information currently available, it was preliminary determined that the product concerned is being imported in increased quantities and under such conditions so as to cause or threaten to cause serious injury to domestic industry of the like or directly competitive product.

The subsequent investigation will determine whether the preconditions for adoption of safeguard measures exist.

Interested parties wishing to participate in the proceedings may contact the Ministry, by e-mail, at: tradepolicy@mtt.gov.rs, and request the relevant questionnaire or to present evidence at the hearing, within the time limit set in the Decision.

A copy of the above mentioned Official Gazette is attached as well as unofficial translation into English language.

For detailed information please consult the enclosed documents.
